Education

Bharati Vidyapeeth Deemed To Be University,Pune **2021-2024**
B.Tech in Information Technology *CGPA: 8.8*

Bharati Vidyapeeth Institute of Engineering, Navi Mumbai **2018-2021**
Diploma in Computer Technology *Grade: 89.31%*

Experience

Python Developer Intern **Remote**
CodeClause *June 2023 – July 2023*

- Developed and optimized Python-based applications, gaining hands-on experience with real-world coding practices.
- Collaborated with team members to design, test, and enhance application features.
- Completed multiple assigned projects within deadlines, ensuring quality and functionality.

Junior Software Developer
AINXT Technology Pvt. Ltd. *Nov 2025 - Present*

- Developing dashboards and frontend SDKs.
- Building responsive and reusable UI components using React.js and AngularJS.
- Collaborating with senior developers to follow best practices and improve code quality.

Projects

Cyber Attack Detection System *GitHub*

- The Cyber Attack Detection System successfully identified and prevented various types of cyber attacks with high accuracy
- Developed a robust Cyber Attack Detection System leveraging machine learning to identify and prevent potential cyber threats.
- Technology Used: Python, SQLite, Tkinter

Online Organ Donation System *GitHub*

- The Online Organ Donation System is a web-based application designed to streamline the process of organ donation and register.
- Developed a web-based application to facilitate easy and efficient communication between donors, recipients, and healthcare providers.
- Technology Used: HTML, CSS, JavaScript, PHP, MySQL

iNotebook Web App *GitHub*

- Developed a web app where users can sign up and securely store their notes.
- Implemented features to allow users to add, edit, and delete their notes, ensuring privacy by restricting access to only the respective users.
- Technology Used: React, Express, MongoDB, Thunder Client.

Skills

- **Languages:** HTML5/CSS3, JavaScript, TypeScript, Python
- **Technologies/Frameworks:** ReactJS, Next.js, Angular, ExpressJS, Redux, Tailwind CSS, MongoDB
- **AI & LLM Technologies:** OpenAI API, Claude, Gemini, AI Agents, Function Calling, Prompt Engineering
- **AI Development Tools:** Cursor, Claude Code, Antigravity
- **Tools:** Git, GitHub, VS Code, Jupyter Notebook
- **Soft Skills:** Problem Solving, Self-learning, Presentation, Adaptability, Critical Thinking, Learning Agility

Certificates

- CSS And JavaScript Programming Language And Python Programming Language Complete Course
- The Complete Python Bootcamp From Zero to Hero in Python
